No matter how low we get... **The Lord knows our potential**... and the greatest thing about each of us is our ability to rise above our problems, to make a comeback, to be afforded a second chance, another opportunity that many of our best days are in front of us and not in the past.

And it is with every step that we take forward... **God is always with us**... to allow us the opportunity to be ourselves, regardless of what others think, say or believe... God loves us, ***nevertheless***.

God is always there ... to ensure that no matter what happens... **God never leaves** us... People may turn their back on us, but **God will never**... leave or forsake us ... through the good and the bad... when I am happy or sad... **God is still there**.

When we give the best of our service for the up building of ***God's Kingdom***... God takes care of our business.

When others forsake us, God will take up our cause... for the **Battle belongs to Him**... for no weapon formed against us will prosper... for I know that "Man's limitations are only God's Opportunities... for people looks at the outside... but God looks at the heart... We can always know that were once young and now we are old and we have never seen the righteous forsaken nor His seed begging for bread.

We are not walking through this life along... every step we take, every breath we make... God is watching and is the wind beneath our wings... the joy in our soul, the pep in our steps, center of our joy, and our hopes for tomorrow, **God is Awesome**... and we have searched all over and still cannot find nobody greater than Him.

So today, **what will it be**...? Stay right where you are in your condition of oppression, depression, addiction, or messy situation... or listen to what Jesus is saying today.... Do you want to be healed? Than say "Yes." Then take up your bed and walk... put the mat on your back and stroll down the road to redemption, revival, acceptance... come to the church and give thanks to God for your release, and go and sin no.

Know this, God knows our limitations ... and is always there to make the difference in our life, to keep us balance, grounded, safe and secure through His Word and love. And because of His **redeeming Grace**... I have decided to follow Jesus, no turning back, no turning back...
